

# Knowledge for a Clean Energy Future

Newsletter n° 11, November 2020

## Enel Foundation is a non-profit organization.

Enel Foundation focuses on clean energy's crucial role in ensuring a sustainable future for all. We conduct research and education exploring the implications of global challenges in the energy domain. We operate in partnership, at the intersection of business and society leaving no one behind in the energy transition.

## TOP STORY

## New scientific partnership with Extreme E

Enel Foundation is glad to announce to have become the Founding Scientific Partner of Extreme E, the pioneering electric off-road motoracing series that sees electric SUVs

competing in extreme environments around the world damaged by climate-related events.
